## SIMPLIFY YOUR MOVE

We'll work directly with your chosen providers and keep you informed every step of the way. You'll receive your own online account where you will be able to check the status of the services we have arranged for you and what's more, if you want to change the suppliers, view account information or add a new service, you can simply login to this account to do so.

## THE CHOICE IS YOURS

Choose a provider that suits your lifestyle and budget. The breadth of services and providers we partner with ensures you are able to choose those most suitable for your individual needs.

We're independently owned (not owned by a service provider) and partner with Australia's leading providers to ensure you are free to choose whoever you would like to sign-up with. There are no hidden fees or extra costs.

How is this possible? We receive a small commission from a provider when we connect our customers to their services.
